

Joint Security and Resilience Centre Industry Dashboard – Autumn 2022

Head of Delivery Comms

Welcome to our new Delivery Dashboard that will be shared with key partners of JSaRC to give you a flavour of what is currently on our books and where there is opportunity for you to engage with JSaRC. We will be using this to give high level updates on various areas of work underway and encouraging you all to get in touch if there are any areas of interest for you or your organisation.

Daniel England - Head of Delivery

Contact Details: JSaRC@homeoffice.gov.uk

Secondee Opportunities

We are looking for secondees from industry to support in the following areas:

- Experts in alternative technologies to caesium irradiators in medical and research sector
- Industry secondees from companies with detection based solutions
- Academics with expertise in drones and counter drone technologies

Security and Policing Update

Work has already commenced for our 2023 event, following a thorough external review over the summer, to develop and deliver the best possible experience for those exhibiting and attending.

Project	Science and Technology, Analysis and Research Week	Protective Security Co-Creation Space	Counter Drones	Digitising the Border	Improving Government Procurement
Description	Home Office hold an annual week of S&T presentations for the department	JSaRC is supporting wider HMG efforts looking at technologies that could support our protective security aims	JSaRC is leading efforts to engage with counter drone manufacturers seeking innovative solutions.	JSaRC is working with colleagues leading HMGs efforts to digitise our borders.	JSaRC is responsible for improving how HMG does procurement with the security industry
Opportunity for Industry	Do you have an interesting solution that you would like to present to key policy leads in Home Office?	Do you have any technologies that could support our efforts?	Do you have any innovative solutions that you would like to discuss with HMG?	Do you have any solutions that could improve customer journey at the border whilst maintaining high levels of security?	How can we support you to ensure procurement is as smooth as possible?

International – Priority countries

JSaRC, as part of its enhanced role supporting international prosperity, is focusing on the following priority countries with opportunities for industry to support engagement:

- **Turkey:** JSaRC will be supporting the UK Pavilion of the Istanbul SAHA Expo in October and facilitating a bilateral roundtable on capacity building on security issues.
- **Poland:** Various visits from HMG planned to Poland focused on supporting their £2.16bn uniformed services modernisation plan on mutual capacity building.
- **India:** Monthly workshops looking at how to build a security relationship through security capabilities.
