October

[Health and Social Care Summit – 2 October](#)

We are excited to host the third annual Health & Care Summit, a cornerstone event uniting our work across digital health, social care, and life sciences. This in-person gathering will bring together industry leaders, innovators, and public sector stakeholders to explore the most pressing challenges and opportunities in the sector.

[Digital ID week – 13-17 October](#)

techUK is thrilled to announce our 2025 Digital Identity Campaign Week 2025 highlighting leading insights on how digital identity can unleash new innovation across society.

Over the past year, digital identity has dominated headlines, with UK government showing a clear commitment to driving adoption in order to make public services more secure, seamless and accessible. This renewed political will has brought both opportunities and challenges for the private sector.

[Cyber Innovation Den and Cyber Security Dinner – 15 October](#)

techUK is delighted to see the return of the Cyber Security Dinner in Central London. The event brings together senior stakeholders from across government and industry for an informal discussion on some of the key issues facing the sector. The dinner provides members with a fantastic opportunity to celebrate new innovations and connect with like-minded individuals.

The event provides a significant platform for businesses in the sector to gain visibility and engage with stakeholders, including representatives from the NCSC, DSIT and DBT. Attendees will also have the opportunity to network with members of the techUK Cyber Security Programme as well as wider stakeholders across the UK cyber security sector.

[Tech and Net Zero Conference – 22 October](#)

This edition of the Tech & Net Zero Conference brings together industry leaders, policymakers, and innovators to focus on critical interdependencies between climate, tech deployment and interconnected sustainability challenges. From clean energy to AI-driven efficiencies and nature risk, climate is increasingly merging with other areas of risk.

November

Tech and Innovation Summit – 5 November

techUK's 2025 Tech & Innovation Summit brings together industry leaders, policymakers, regulators, and futurists to explore how emerging technologies can power the UK's next decade of innovation, driving progress and economic growth through to 2035 and beyond.

London Health and Social Care Dinner – 13 November

Our Health and Social Care Industry Dinners provide a forum for industry to come together to have an informal dialogue around the realities of digital transformation and technology in health and social care. The evening will include informal networking opportunities with representatives from across the industry and keynote speeches from senior figures in the healthcare sector.

The event provides a significant platform for businesses in the sector to gain visibility, reach key industry stakeholders and is an excellent opportunity to network with members of techUK Health and Social Care Programme (all dedicated in driving innovation in the industry through the smart use of new intelligent technology).

Defence campaign week – 17-21 November

Throughout the week we will publish contributions from techUK members, offering thought-leadership on how government and industry in partnership can address the core-enabler challenges that delay and prevent technologies from reaching the battlespace.

Defence Winter Dinner – 20 November

More information coming soon.

December

Digital Ethics Summit – 3 December

This year's Summit takes stock of the last twelve months and examines the current health of digital ethics in a year that has witnessed both progress and change. The Summit will unpack how the conversation around operationalising ethical principles has turned towards compliance and audit.

Public Sector Future Gazing campaign week – 8-12 December

More information coming soon.
