19. Policy positions require a lower level of consensus although techUK is at its strongest when it speaks with one voice. There will be times when consensus cannot be reached given the different viewpoints present in the Council. In the first instance, the Secretariat will seek to set out the differences within the Board. It will not, however, seek to quantify these differences. If the Council is particularly divided – or if there is significant opposition to developing a position, the secretariat in conjunction with the Chair will make a decision on whether a public position would play a role in ensuring techUK remains a [relevant, influential and credible voice](#).
