Climate Change Levy (CCL) is charged on electricity, gas, coal and LPG.

If a site is covered by a Climate Change Agreement then it is entitled to claim up to 92% relief from the CCL on electricity, and up to 81% on the other fuels. *(Natural Gas 81%, LPG 77%, Coal 81%)*

Relief prior to 1st April 2020 was 93% on electricity and 78% on fuels.

Once your Underlying Agreement has been activated, in order to claim the discount on the CCL you need to complete HM Revenue & Customs forms PP10 and PP11.

PP10 and PP11 forms are valid for five years from the date that they are submitted. They must be resubmitted if you change energy supplier, change the percentage CCL relief being claimed or if five years have lapsed and they have become invalid.

**This techUK note includes:**

- Links to the PP10 and PP11 forms.
- Guidance on how to complete the PP10 and PP11 forms.

Please contact the techUK CCA Helpdesk if you require further information (0844 800 1880 or techUK@slrconsulting.com).

* If a CHP is on site and has been deemed to be a ‘good quality’ CHP then it can claim more than 81%.
**PP10 Form:**

- Gives HMRC details to support your certificate of entitlement to relief from the main rates of Climate Change Levy (CCL)
- Works out the percentage relief to use on the supplier PP11 Forms

**PP10 is sent to HMRC only**

**PP11 Form:**

- Claims relief against the main rates of CCL from the supplier
- Supplier is legally obliged to receive PP11 certificate before providing CCL relief

**PP11 is sent to Supplier only**

You will need to fill in separate PP10 and PP11 forms for each commodity and supplier against which you wish to claim relief

Complete and preview forms online - then print off, sign & date and post

Keep a copy of all completed forms for your records

**URLs for online forms:**

PP10  

PP11  
PP10 Form

Pages 1 & 2 of the PP10 form are self-explanatory. You need to provide details for the business and individual within the company claiming the relief.

< Page 1 – Name, Position, and contact details of the person responsible for claiming the relief

Page 2 - Details of the business >
When you click ‘Yes’ to VAT number and UK address, additional fields will appear to populate with these details.
Climate Change Levy Relief supporting analysis

Details of relief claimed
Which commodity do you want to claim relief on?
If you want to claim relief on more than one commodity, you must complete a separate form for each.
Choose one option.
- Gas
- Electricity
- LPG
- Solid fuel

Which unit of measurement have you used?
- Kilowatt hours (kwh)
- Gigawatt hours (gwh)
- Kilograms (kg)
- Megawatt hours (mwh)
- Therms (thm)
- Litres (l)
- Hectolitres (hl)
- Tonnes (t)

You need to choose one commodity and the unit of measurement you are using for that commodity. E.g. Electricity, Kilowatt hours

Enter 1st April 2020 or the date of assent as shown on your CCA Underlying Agreement (if later)

New Certificate
Select this if this is a first time claim for CCL relief on an energy supply.

Five-year deadline
Select this if you have not, during the last five years, given your supplier a new certificate confirming the figure for the percentage of supply eligible for relief from CCL.

Annual review
Select this if you have carried out your annual review and, as a result, the percentage of supplies eligible for relief has changed.

Amendment
Select this if your reason for changing an existing relief certificate is not due to an annual review (i.e. because of the April 2020 rate rises).
**Climate Change Agreement for Data Centres**

**Completing HMRC PP10 and PP11 Forms**

**Box a).** Provide figure here for total energy supplied to the site during a recent 12 month period, for the units chosen on Page 3. e.g. Electricity in kWh was chosen, 1,000,000 kWh was used in recent 12 month period

**Taxable commodities on which relief is claimed** (on or after 1 April 2020)

**Taxable commodities**

Enter the total quantity of the commodity supplied to the site and the quantities used for the relieved or exempt purposes.

<table>
<thead>
<tr>
<th>Taxable commodity</th>
<th>Quantity</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total quantity of taxable commodity supplied to the site</td>
<td>a 1,000,000</td>
</tr>
<tr>
<td>Community heating scheme</td>
<td>b</td>
</tr>
<tr>
<td>Transport</td>
<td>c</td>
</tr>
<tr>
<td>Commodity producer</td>
<td>d</td>
</tr>
<tr>
<td>Not used for fuel</td>
<td>e</td>
</tr>
<tr>
<td>Export or onward supply</td>
<td>f</td>
</tr>
<tr>
<td>Electricity producers for generating stations with a capacity greater than 2MW</td>
<td>g</td>
</tr>
<tr>
<td>Supply for CHPs</td>
<td>h</td>
</tr>
<tr>
<td>Mineralogical and/or metallurgical processes</td>
<td>i</td>
</tr>
<tr>
<td>Reduced rate</td>
<td>j 1,000,000</td>
</tr>
<tr>
<td>Total claimable for reduced rate</td>
<td>k 220,000</td>
</tr>
<tr>
<td>Total quantity of relief claimable</td>
<td>l 220,000</td>
</tr>
</tbody>
</table>

**Box j).** Enter the quantity of the commodity that you can claim relief against.

If your site passes the 70/30 rule then this will be 100% of the value given in box a).

If your site fails the 70/30 rule then this will be the value of the fuel shown in box a) that is included in your CCA.

**Cells k) & l) will then automatically populate with the quantity claimable for the commodity chosen.**
**Taxable commodities on which relief is claimed**

**Taxable commodities**

Enter the total quantity of the commodity supplied to the site and the quantities used for the relieved or exempt purposes.

</tr>
</tbody>
</table>

---

If you have entered details in row 'h' above enter your combined heat power scheme reference number below (optional).

Not the Secretary of State’s certificate number

If you have entered a CHPQA reference number above, is your CHP generating capacity over 2MW? (optional)

- Yes
- No

If you are claiming the reduced rate enter your climate change agreement unique facility number below (optional)

This is the site facility number. e.g. DATC/F00____
Pages 5 & 6 are self-explanatory. However, you will notice some changes to the finalised form when you click on ‘Preview’, as shown in the following slides.

**What to do now**

Fill in form PP11 ‘Climate Change Levy supplier certificate’ and send it to your energy supplier (do not send a copy of the PP11 ‘Climate Change Levy supplier certificate’ to us but keep a copy for your records).

You must review the correctness of PP11 supplier certificates no later than the earlier of:
- the 60th day following the anniversary of the date on which the PP11 supplier certificate was delivered to the supplier,
- the 60th day after the customer has burned (or in the case of electricity consumed) the last of the taxable commodity supplied to which the PP11 supplier certificate relates.

More information on the review of relief entitlement is within Public Notice CCL1/3 ‘reliefs and special treatments for taxable commodities’.

Please sign and date the form in the fields provided on the printed output and send the completed form to us but keep a copy for your records.

**Print this form**

Click the ‘Preview’ button to create a copy for you to print and post. Please ensure that you check your form carefully before you click ‘Preview’. If you make any changes afterwards, you must click ‘Preview’ again to create a new copy with the changes included.
Page 3 of form: Two new boxes have appeared. These contain the % relief claimed as calculated on page 4 of the online form. I.e., in the previous slides, electricity for a site that passed the 70/30 rule was entered. This is claimable at 92% relief.

The figure in the lower box that has been generated is simply the figure in the upper box rounded to a whole number. Sites that have not passed the 70/30 rule may not present as whole numbers and will be rounded up or down accordingly. An example of this is shown below.
PP10 Form

Preview of finalised form

Climate change agreement unique facility number

This is the site facility number. e.g. DATC/F00_ _ _ Complete if blank

Declaration

☑ I confirm that the information I have given is correct

Signature

At the end of the finalised form, fields have been generated for the printed copy to be signed and dated by the person responsible for claiming the relief.

Date

Send the signed and dated form to HMRC as below but remember to keep a copy for your records

What to do now

Fill in form PP11 'Climate change Levy supplier certificate' and send it to your energy supplier (do not send a copy of the PP11 'Climate Change Levy supplier certificate' to us but keep a copy for your records).

You must review the correctness of PP11 supplier certificates no later than the earlier of:

- the 60th day following the anniversary of the date on which the PP11 supplier certificate was delivered to the supplier,
- the 60th day after the customer has burned (or in the case of electricity consumed) the last of the taxable commodity supplied to which the PP11 supplier certificate relates.

More information on the review of relief entitlement is within Public Notice CCL1/3 'reliefs and special treatments for taxable commodities'.

Please sign and date the form in the fields provided on the printed output and send the completed form to us but keep a copy for your records.

PP11 Form

Climate Change Levy supplier certificate

Progress: 

Qualifying business and relief claimed

Name of qualifying business

Address of qualifying business

Is this address in the UK?
☐ Yes  ☐ No
Line 1

Line 2

Line 3 (optional)

Postcode

You must complete a separate certificate for each supplier and commodity on which you wish to claim relief.

Account reference number
This is the number shown on your energy bill or invoice.

Identify one commodity on which relief is claimed
Select one option only
☐ Gas
☐ Electricity
☐ LPG
☐ Solid fuel

Electricity meter supply number
This is the number shown on your energy bill or invoice.

Date from which relief is to be applied
DD MM YYYY

Percentage of supplies eligible for relief from CCL
Take this from your completed PP10 Climate Change Levy relief supporting analysis. Use the percentage figure rounded to a whole number.

Energy supplier’s name

Enter the business details as you did for the PP10 form

Enter your account number as shown on your utility bill

Enter the fuel for which you are claiming relief.
Selecting Gas will generate a box to enter details of your gas meter point reference number.
Selecting Electricity will generate a box to enter details of your electricity meter supply number.

Enter 1st April 2020 or the date of assent as shown on your CCA Underlying Agreement whichever is later

Enter the % claimable as calculated on the PP10 form

Don’t forget to specify the supplier for this fuel

The PP11 form is fairly self-explanatory however we have included some additional notes below.
Climate Change Agreement for Data Centres

Completing HMRC PP10 and PP11 Forms

Populate with details of the person responsible for claiming the relief and complete the declaration.
As before, clicking on ‘Preview’ will generate a printable form with fields for signature and date to be completed by the person responsible for claiming the relief.

**Signature**

**Date**
DD MM YYYY

**What to do now**
Please send the completed form to:
Your supplier

**Printing this form**
Click the ‘Preview’ button to create a copy for you to print and post. Please ensure that you check your form carefully before you click ‘Preview’. If you make any changes afterwards, you must click ‘Preview’ again to create a new copy with the changes included.

Send one copy of the form to the energy supplier and keep one copy for your records.
